REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found in either of independent claims 1 and 24 was a peritoneal dialysis system that has a fluid loop configured to circulate and remove the dialysate from the patient at an outflow rate from the peritoneal cavity that is greater than an inflow rate into the peritoneal cavity, and a cyclor that drains the dialysate from the fluid circuit at a discharge rate that is less than the circulation rate and at least substantially equal to a difference between the outflow rate and the inflow rate, allowing the dialysate to be circulated a plurality of times along the fluid loop prior to discharge, in combination with the other elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
